

Back-to-School Resources for Educators and Parents

Another school year is fast approaching. Whether homeschooling or teaching at a brick and mortar school facility this coming school year, these resources from the Federal government offer a unique way of learning for your student(s). Subject areas include science, health, civics and more!

His Truth Is Marching On: Martin Luther King, Jr.'s Dream of Freedom.

A recipient of the American Library Association (ALA) "Notable Government Documents of 2018" award, this booklet will teach your students about the important legacy of Dr. Martin Luther King, Jr. It includes a pictorial history ranging from photographs, maps, and illustrations of the King family, famous civil rights leaders, as well as the journey Dr. King

traveled from being a charismatic Southern Baptist minister to one of the great civil rights and freedom leaders in American history. The book offers a glimpse of key moments in the civil rights movement and how Martin Luther King Jr. overcame all obstacles in his quest for equality for all.

Price: \$33

Net Cetera: Chatting With Kids About Being Online. This guide helps teachers and parents explain to children (8 to 12 years-old+) how to use the internet and smart devices safely. It addresses how to talk to kids of different ages that may be using numerous devices which allow kids to access the internet such as computers, smart phones, and other mobile devices and apps. Fostering internet safety starts by talking to your children at a young age about the possible dangers and how to use internet devices safely and to recognize possible threats and dangers to privacy. Don't forget to check out the section on cyberbullying and how to talk to kids about this important issue.

Paperback. 25 p.
ISBN: 9780160941511

S/N 018-000-00378-3
Price: \$5

Preventing Violent Extremism in Schools. This publication from the *Federal Bureau of Investigation (FBI)* serves as a guide to educate school personnel, communities, and parents about at risk behaviors and activities that assist students with reducing social and psychological commitment to violence as a method of resolving a grievance. This text will provide you with information about hate crimes, some behavioral models that may impact a child's social development, and environmental factors that could play a role for a vulnerable person's acceptance to turn toward violent extremist activities.
